Weather for Ohio—Rain or snow in northern part in southern portion, colder tonight. Wednesday fair, except snow or rain along the north-east shore.

Too bad! Too bad! We had hoped for a nice sunny day all day.

Jacob Riis says he has never known the President to be wrong. The Ananias Club, however, may offer a few objections.

"A pessimist," says Puck, "is a person who chews his pills." All pessimists we have ever met were fond of chewing the rag.

The Columbia, South Carolina, "State" will kindly keep its hands off the Hoke Smith Presidential boom. That boom is a Washington product, and don't you forget it.

That N. Y. man who lost his last hundred dollars, and then committed suicide, leaving word that he was going to heaven, may find that he played on another bad tip.

Some one has discovered that three of the five jurors who voted to acquit Thaw, are bald-headed. From which, it appears that Evelyn still makes a hit with the bald-head row.

It is asserted that in Milwaukee, beer is bottled at the rate of a million a minute, but it is really the rate at which the bottles are emptied that has made Milwaukee famous.

Now that Taft has gone back to Washington to prepare for his trip to the Philippines, Foraker can come out of his tepee and dance his war dance. It is too bad that Taft did not take Burton with him to visit the Filipinos.

One of these days the Central American Republic are going to be so busy paying off a big war debt to some country that has a big navy, that they will have no time to make faces at each other.

All that Andrew Carnegie needs to fill up his cup of happiness to the brim, is the assurance that some day his features will adorn a postage stamp of some large denomination.

Chairman Brown of the Republican State committee says nobody is boss in Ohio and that the man who can boss him does not live. Giving Joe Foraker a little of his own medicine.

A Texas woman's magazine thinks that bridge has reached the proportions of a national evil. But the rest of the country will not take the same view of the matter so long as the police do not interfere.

The Thaw jury disagreed, the lawyers, disagreed, the family disagreed, and the alienists disagreed. But as the people seem to be in the same fix, the disagreement bug at least made a good job of it.

Officials of some counties cannot give up hope of retaining the old fee system. Since a question of constitutionality is involved in the test of the new salary law, Senator Foraker should be allowed to get into the controversy.

Ready to contribute your share to the payment of the Standard Oil company's fine?

Mr. Harriman wealthy though he is, finds lemons at \$200,000 per rather too expensive.

Do you find The Commoner helpful? If so, persuade a fair-minded republican to subscribe?

Somewhat or other late frosts and freezes seem never to injure the prune and dried peach crops.

Fire escapes are to be placed on the White House. The front door will continue to be the liar escape.

Secretary Taft treated that Cuban situation very much like a man who expects some votes from that section.

By the way, have you heard anything lately about Mr. Carnegie's offer to finance the Roosevelt campaign in 1904?

A Kansas oil company has been denied the use of the mails. Great idea for a way to make Mr. Rockefeller see a great light.

Editor Harvey's banquet speech is an indication that the Ananias club is about to have a new member shoved into it.

When the tax payers of New York come to pay for those "brain storm" affairs they are going to throw a few financial spasms.

At the worst Mr. Rockefeller may be fined only \$29,000,000, and he can soon make that good by calling on the people at large.

The paper trust which was "put out of business by the administration" seems to have gone right along in utter ignorance of the fact.

"The state's revenues are \$18,000,000 short," complains the Philadelphia Public Ledger. That is because the state is so long on graft.

The continued silence of Mr. Harriman may indicate that he is getting ready to brew another brain storm at the end of Pennsylvania avenue.

The railroads are experiencing great trouble in keeping their dividend declarations from showing that the 2-cent fare laws are not confiscatory.

Mr. Cleveland thinks an insurance president's salary should be fixed by law. Mr. Cleveland gets \$25,000 a year for thinking such thoughts.

The Louisville Times is pleading for "simplified veracity" at the White House. But wouldn't that mean a dearth of headlines for the dailies?

Mr. Harriman need not worry us about that \$50,000 which he invested so unwisely in 1904. He has been allowed to make it back several times over.

The continued silence of Speaker Cannon may be taken as an indication that he would much prefer being liberally quoted to being sadly defeated.

Every time the Daughters of the American Revolution meet in conversation it becomes easier to understand how our forefathers put up such a winning fight.

"The president's friends" rally around Taft," says an administration organ. Well, if there are enough to rally all the way round there must be several of them.

The government stopped the Louisiana lottery by forbidding it the use of mails or express. Valuable pointer as to how to stop the Standard Oil lottery.

Despite President Roosevelt's spicy letter there has been no great rush on his part to have the republican campaign committee's books thrown open for public inspection.

Residents Desire That Several Nuisances be Removed

Health Officer James Lutz Reports Health Conditions in City are Exceptionally Good.

No business of real importance was considered at a short session of the Board of Public Service held last night. The garbage plant report from April 16 to April 30 was submitted showing that 326 barrels of garbage, two horses, fifteen barrels of night soil and two barrels of offal were collected and consumed at the plant. The money collected amounted to \$8.75.

George Blum, street supervisor presented a complaint from the Marion Cold Storage company asking that a street gas light be removed from in front of the company's new barn on Campbell street. Mrs. Eliza Diebolt of South State street, asked that the board remove a large willow tree which stands in an alley adjoining her home and which she declares is a nuisance.

Bills aggregating \$1,885 were allowed, including various sidewalk estimates for several streets. The Board of Health went into session immediately at the adjournment of the Service board. Health Officer James Lutz submitted his report showing the following contagious diseases existing in the city: Measles, 32; Pneumonia, 4 cases; Mumps, 2 cases; Chicken

Pox 2; Tuberculosis 1. Mr. Lutz declared that the health conditions are exceptionally good in the city at the present time and there are less contagious diseases than usual for the time of the year. Bills amounting to \$42.50 were allowed and ordered paid.

JAMES WILLIAMS PASSES AWAY

Dies at His Home Near LaRue Tuesday Night.

Deceased, a Well Known and Highly Respected Farmer—Funeral Friday.

Mr. James Williams, aged fifty-one years, and one of the most highly respected farmers in the county died at his home one mile west of LaRue at 11:30 o'clock Tuesday evening. His demise was due to pneumonia with a duration of only a few days. His death came as a sudden shock to all his relatives and friends as the seriousness of his condition was not known.

The deceased had lived in the county practically all of his life. A wife, three daughters and two sons survive. They are George and Edward Williams residing near LaRue, Mrs. J. Trumbo, Mrs. William Kramer and Mrs. E. Harraff all residing near LaRue.

Funeral services will be conducted from the home at 1:30 o'clock Friday afternoon. The service will be in charge of the Odd Fellow lodge of which order he was an active member. Interment will be made in the LaRue cemetery.

WIFE CHANGES HER MIND

Husband not Arrested on Insanity Charge.

STARTS ON LONG DRIVE

May be Arrested Upon His Arrival at Athens.

Wesley Ackley Realizes His Condition—Was at One Time an Inmate of the State Hospital

Wesley Ackley, said to be insane, started Wednesday morning to drive from this city to Athens, Ohio, a distance of 120 miles. Ackley's condition is said to be such that it may at any time become serious and make it necessary to send him to the state hospital.

Ackley and his wife have been living, during the past two months, on Bryant street, having moved here from Athens. While living there, Ackley became insane and an affidavit was filed against him in the probate court. The judge found him to be demented, but permitted him to be taken in charge by relatives, instead of sending him to the state hospital. After coming to Marion, Ackley secured employment as a teamster. A few days ago, his actions began to attract attention, and Tuesday a neighbor telephoned a complaint to Probate Judge Foster. She said that Ackley was causing trouble in the neighborhood. Shortly afterward, Mrs. Ackley called on the judge and told her story. She expressed the belief that her husband should be taken into custody.

Tuesday night, acting under instructions from the court, Sheriff Drown went to the Ackley home to take charge of the man. Mrs. Ackley came to the door and said that she had changed her mind. She thought it would not be best to take her husband into custody here. He had become apparently rational during the evening, and when the sheriff arrived, he was sitting in the house talking with his wife.

"We have decided to go back to Athens and to have the authorities look after the case should there be any change for the worse," said Mrs. Ackley. "My husband will drive through, and I will go by train." Ackley seems to realize his condition but is willing to chance the long drive, thinking that he can complete the drive without any mishap.

ROBBERS AFTER EXPRESS PACKAGE

Depot Broken Into at Waldo Tuesday Night.

Agent Baker Finds Window Open and His Private Office Completely Ransacked

What is thought to have been an attempt to gain possession of a valuable express package was made at Waldo Tuesday night when the Pennsylvania depot was broken into and the express packages searched.

An express package containing several thousand dollars was about due and it is supposed that the thieves assumed that it came in on a late train and could not be sent out until morning. At any rate when agent Baker opened the office Wednesday morning he found the express packages scattered about the office and a revolver and razor missing. An examination disclosed that the window had been pried open with a railroad brake key and the office thoroughly ransacked.

The thieves evidently made no attempt to cover up their tracks as they let the heavy iron key with which they opened the window lay on the window sill and the window was open when Baker entered.

NEW PICTURE OF WILLIAM T. STEAD.

Perhaps the most celebrated journalist in the world is William T. Stead, who recently came to this country as a guest of Andrew Carnegie and a delegate to the peace congress in New York. He is editor of the London Review of Reviews and author of several books on reform topics. In 1895 he was sent to prison in England for publishing an exposure of immorality, his object being the legal protection of young girls. The reforms which he advocated were carried out a little later, and Mr. Stead declares that he is proud of his prison service than anything else in his career.
